

HALLIS HUDSON ARC DOUBLE MADE TO MEASURE MEASUREMENT FORM

Customer Name: _____ Customer Telephone Number: _____

Wall size means you have measured along your wall and windows and our software will project for the wall brackets.
For ceiling fixing please advise the projection from the wall to the back of the poles. Our standard is 5cm from the wall to the back of the back pole, and 15cm from the wall to the back of the front pole.

Wall measurements supplied and ceiling fixing. Please project the back of the back pole _____cm away from the wall (5cm is the standard). Please project the back of the front pole _____cm away from the wall (15cm is the standard).

Centre of pole measurements mean you have measured where the actual pole will be installed. This is only recommended for ceiling fixing. We will not make any projections for the brackets. The pole will be made to the measurements supplied.

A-C	

Measurements are:	
Wall size	
Centre of pole	

Return facet*:	
A-X	

Return angle**:	
A / C	

*Please leave "Return" information blank if you do not require a return

RIGHT side Single internal bend, with or without return

These diagrams are for representation purposes, we understand that these diagrams may not be a true representation of the actual shape of your bay

Internal facets:	
A-B	
B-C	

Angle:	
B	

Cross diagonal:	
A-C	

Measurements are:	
Wall size	
Centre of pole	

Return facet*:	
C-X	

Return angle**:	
A / C	

*Please leave "Return" information blank if you do not require a return

Two internal bends - Square or splayed, with or without returns

These diagrams are for representation purposes, we understand that these diagrams may not be a true representation of the actual shape of your bay

It is not necessary to supply both angles and diagonals, although supplying both does provide a good cross check

Internal facets:	
A-B	
B-C	
C-D	

Angles:	
B	
C	

Cross diagonals:	
A-C	
B-D	
A-D	

Measurements are:	
Wall size	
Centre of pole	

Return facets*:	
A-X	
D-Y	

Return angles**:	
A	
D	

**Please leave "Return" information blank if you do not require a return.*

Four internal bends, with or without returns

This diagram is for representation purposes, we understand that this diagram may not be a true representation of the actual shape of your bay

It is not necessary to supply both angles and diagonals, although supplying both does provide a good cross check

Internal facets:	
A-B	
B-C	
C-D	
D-E	
E-F	

Angles:	
B	
C	
D	
E	

Cross diagonals:	
A-C	
A-D	
A-E	
F-B	
F-C	
F-D	
A-F	

Measurements are:	
Wall size	
Centre of pole	

Return facets*:	
A-X	
F-Y	

Return angles**:	
A	
F	

**Please leave "Return" information blank if you do not require a return.*

Gradually curved, with or without returns

This diagram is for representation purposes, we understand that this diagram may not be a true representation of the actual shape of your bay

Straight measures:	
A-B	
C-D	

Arc length:	
A-B	

Radius (if known):	

Measurements are:	
Wall size	
Centre of pole	

Return facets*:	
A-X	
B-Y	

Return angles**:	
A	
B	

**Please leave "Return" information blank if you do not require a return.*
